Silica		

Tools

Name required tools and competent person

Tools	Mandatory PPE	Competent Person
E.g. Grinder	E.g. Ear Muffs or Ear Plugs, Safety Goggles , Safety Boots	

Note:

1. By signing this document, you affirm that you have fulfilled and submitted all requisite induction documentation to SCE. Furthermore, you certify that you hold the relevant insurances, licenses, and qualifications required to carry out the specified task.
2. By signing this document, you affirm that all identified hazards have been assessed and reasonably controlled as required. In the event of unforeseen circumstances, you must stop works and await further instructions, which must be obtained through written approval from SCE office team (info@scecorp.au), endorsed by the Director.
3. All workers and subcontractors acknowledge that they are responsible for the health and safety of their own workers and any third-party workers impacted by their work. By signing this document, the worker confirms that the employer has appropriate Public Liability insurance in place, and accepts liability for injuries caused to third parties, including other contractors, due to acts or omissions of their team.
4. By signing this JSA, each worker confirms that they have been instructed in the PPE required for the task, understand how to correctly use, wear, maintain and replace the required PPE, and will not commence or continue the task if they are not competent, not properly equipped, or unsure about the PPE or safety controls required. The worker must immediately notify the supervisor if further instruction, equipment or clarification is required.
